PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA AND THE UNITED KINGDOM

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended) (the "PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the EEA or in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA or in the United Kingdom may be unlawful under the PRIIPs Regulation. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) ("MiFID II"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC.

MIFID II PRODUCT GOVERNANCE / ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ONLY TARGET MARKET

Solely for the purposes of the Issuer product approval process, the target market assessment in respect of the Notes has led to the conclusion that (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "Distributor") should take into consideration the Issuer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes by either adopting or refining the Issuer's target market assessment or determining appropriate distribution channels.

UNITED STATES

The offering of the Notes within the United States of America will be made as a private placement pursuant to Section 4(A)(2) of the Securities Act and only to parties that are "Accredited Investors" as defined in Rule 501(A) of Regulation D under the Securities Act and "qualified purchasers" within the meaning of Section 2(a)(51) of the U.S. Investment Company Act of 1940, as amended. Outside the

United States of America, the offering of the Notes is made pursuant to Regulation S under the Securities Act, only to parties that are not “U.S. Persons” as defined in such regulation and pursuant to exemptions from applicable securities laws of other countries.

SWITZERLAND

This Offering does not constitute an “offering prospectus” under article 1156 of the Swiss Code of Obligations and no such offering prospectus will be prepared. Accordingly, the Notes will not be offered to the public in Switzerland.

RISK WARNING

Potential investors should consider the risk factors described in section C (*Risk Factors*) of the Programme and in this Terms of Issue and, prior to an investment in the Notes, have completely read and understood the Programme (including the Terms and Conditions) and the Terms of Issue and investigated, together with their legal or tax advisors, auditors and other advisors, whether an investment in the Notes is suitable for them.

SPECIFIC RISK FACTORS

Specific Risks:

An investment in the Notes involves certain risks relating to the Issuer and the Notes. While all of these risk factors are contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in the Notes may (a) affect the ability of the Issuer to fulfil its obligations under the Notes issued under the Terms and Conditions, and/or (b) lead to a volatility and/or decrease in the market value of the Notes whereby the market value falls short of the expectations (financial or otherwise) of a Noteholder upon making an investment in the Notes. In addition to the risk factors specified in the Programme, potential investors should note the risks factors further described below:

1. Credit Risk: There is a risk of default by the debtor(s) of the Underlying Assets, which may result in non-payment or delayed payment of principal and interest under the Notes.

2. Liquidity Risk: The Underlying Assets may be illiquid and difficult to sell on short notice, particularly in times of market stress or limited demand.

3. Legal and Regulatory Risk: Changes in laws, regulations, or governmental policies may adversely affect the ability of the debtors under the Underlying Assets to fulfill their payments obligations under the credit lines agreements entered into with the Originator which may, in turn, adversely affect the ability of the Issuer to receive payments under the Underlying Assets and to perform its obligations under the Notes.

4. Operational Risk: Risks related to the operational activities of the debtors of the Underlying Assets, including but not limited to fraud, errors, system failures, and disruptions in the supply chain.

5. Event Risk: Unforeseen events, such as natural disasters, political instability, or pandemics, may disrupt the Issuer's operations and adversely affect the ability of the Issuer to perform its obligations under the Notes.

6. Country Risk: If an investment is made in any asset or issued by a party subject to foreign laws or transactions made on markets in other jurisdictions, including markets formally linked to a domestic market, recovery of the sums invested and any profits or gains may be reduced, delayed or prevented by exchange controls, debt moratorium or other actions imposed by the government or other official bodies.
